Health and Safety Policy Statement

### POLICY STATEMENT

---

Chirmarn Group's mission is to be recognised and respected as one of the market leaders in the supply of services for the identification, treatment, safe removal and disposal of all types of asbestos.

#### Policy

Our health and safety policy is designed, described and documented through our management system in accordance to ISO 45001:2015

The aim of our health and safety policy and associated arrangements is to ensure that we provide a safe and healthy working environment for our employees, customers, suppliers and members of the public throughout all our activities:

*'There is no task so important that it cannot be done safely.'*

#### Commitment

The Chirmarn management team is empowered to provide the people, organisation and resources to supply our customers with the products and services that not only satisfy their requirements but exceed them. Our commitments include:

- ✦ Undertaking all necessary actions to prevent injury and ill health
- ✦ Compliance with all statutory HSE requirements as a minimum
- ✦ Ensuring adequate skills training and resources are available
- ✦ Identifying both immediate and long-term hazards using appropriate risk assessment techniques, eliminating, controlling or minimising those risks so far as is reasonably practicable
- ✦ Providing and maintaining the best equipment and tools
- ✦ Empowering, engaging and making our employees responsible, allowing them to challenge any aspect that risks the health and safety of themselves and those around them
- ✦ Seeking to continually improve our approach and performance in relation to occupational health and safety

All employees are given the authority and support to call 'all stop' to any activity should they feel it unsafe.

### Approval

This policy has been collaboratively reviewed and approved by the senior management team and is fully endorsed at the highest level of the organisation. It is reviewed annually, published locally and communicated to the entire workforce to ensure understanding and compliance
